Accordingly, the Company expects to have a market maker file Form 211 in compliance with SEC Rule 15c2-11 and NASD Rule 6740. Once the filing is accepted by the FINRA, the Company will be eligible to begin trading on the Over-the-Counter Bulletin Board.

"We are excited by the progress the Company has made in the relatively short time since it commenced its new biofuels business and acquired Global Clean Energy Holdings, LLC," said Richard Palmer, MDI's President and newly appointed Chief Executive Officer. "We believe that becoming a fully-reporting company will create greater transparency for investors. In addition, we feel a listing on the Over-The-Counter Bulletin Board will increase interest among the investment community in the Company's efforts to develop alternates to food based feedstocks for biofuels production."
